White House Meeting

Attached is a note on yesterday's White House meeting. Fahl Habib tells me he'll shortly be "sitting in" for Unger who is going on leave. I am sure he will be Unger's replacement. This is a good move, since he is an astute political realist, well disposed to the Agency and an individual with whom I have excellent relations.

John Roche told me privately that Unger is the favored candidate to replace Martin in Bangkok, but this has not been blessed by the President and, hence, is not being discussed for obvious reasons.

White House Meeting.

Attached is a note on yesterday's White House meeting. Phil Habib tells me he'll shortly be "sitting in" for Unger who is going on leave. I am sure he will be Unger's replacement. All of us who know Phil regard this as a good move. He is an astute political realist, well disposed to the Agency and very easy to deal with.
